## Always be able to find a Lodge

Freemasons are in almost every city in the world, and planning your travels just got a whole lot easier.

Amity is built from the ground up with Masons in mind, letting you interact with the Craft from the palm of your hand.

Welcome to the digital revolution...

Welcome to Amity.

travel... safely.

# Amity | Frequently Asked Questions

## How does Amity keep my data safe?

Amity keeps your data safe in several ways. First, we encrypt your data when it's stored on our servers. We also encrypt your data **a second time** when it's stored on your phone. And when your data is traveling between our servers and your mobile device, we add a **third** layer of encryption. Amity goes well beyond "industry standard" practices to make sure your data is as safe as possible.

## Why do I have to be "verified" by Amity?

Verification is an important security measure by which Amity guards its "digital West Gate". In order to ensure that only members of the Craft have access to sensitive information (and because we don't know every Mason in the world personally!) Amity needs your Grand Secretary, your Secretary, or their delegate (or another appropriate means) to make sure that you are in fact a Mason in Good Standing in your Lodge.

## Is Amity really free? How do you make money? Are you going to sell my data?!?

Yes, Amity is really **FREE** for Masons around the world... and **NO**, we will never sell your data! Amity makes money by offering optional services as "in app purchases." Our first example of this is MSA's Short Talk Bulletin, which you can subscribe to in Amity for a 15% discount. We will be adding more options in the future, and you will never be required to buy any of them.

## Does Amity make more work for Grand Secretaries and Secretaries?

No! Amity is designed to simplify some administrative tasks, making them more convenient, efficient, and timely for the brethren. For example, Amity's digital attendance function makes writing minutes easier for the Secretary... no more trying to read a visitor's handwriting in your sign-in book. Just send yourself an email with the evening's attendance roster, and copy and paste it into your minutes.

**For Grand Secretaries**, Amity provides a way to check, change and communicate recognition status **in real-time** across **every Grand Lodge in the world**. No more making your members flip through an outdated book that your visitor's Grand Lodge might not even be in... with a few clicks in our secure Grand Secretary's Portal, the world will know exactly where you stand.
