

CERTIFICATES WERE MODERN TECHNOLOGY... IN THE 1700s.

## TODAY, THEY'RE A RISK.

*With Certificates:*

**The Grand Lodge**  
*gives a certificate to*  
**an Individual Freemason**  
*who shows his certificate to*  
**the Lodge's Tiler.**

**Out of Date**

**Include PII**

**Easily Lost**

**Always Correct**

**Secure & Encrypted**

*With Digital Passes:*

**An Individual Freemason**  
*shows his pass to*  
**the Lodge's Tiler**  
*as the pass makes a request to*  
**the Grand Lodge.**

**Allow GL Control**

Modern technology lets the Grand Lodge answer status checks *in real time...* not months ago, when a letter of introduction was printed. It's what Masons expect, and **Amity is the only platform** that works with *any* Grand Lodge.

Your members are already using Amity... let us show you how.

## DIGITAL PASSES RESTORE PROTOCOL... AND PUT YOUR MEMBERS FIRST.

**Amity**  
travel... safely.
